Also, a great source of information for recipients or those who have questions is the SSA Red Book, which is on-line. Social Security no longer prints this issue, but it is available and worth its weight in gold. It pertains to SSI/SSDI/Medicare/Medicaid.

Instead of navigating thru www.ssa.gov, it is easier to google: Social Security Red Book 2017. It will pull right up. On the same on-line page are the 2018 SS changes.
