Independent Living - Celebrating Life Your Way!

March is National Traumatic Brain Injury Awareness month. The #ChangeYourMind public awareness campaign provides a platform for education the general public about the incidence of brain injury and the needs of people with brain injuries and their families. We need to de-stigmatize brain injury through outreach. Let's empower those who have survived brain injury and their caregivers. Communities can provide the support people need.And you are more than your brain injury!
